

Dear Sir or Maddam,

I am writing you in concern of NAB petition 04-160. I am appalled that the NAB is wanting to stifle what entertainment and information that I willing pay for. I am a long haul truck-driver and use satellite radio on a daily basis. If the NAB has such a problem with it, tell them to get in the business. Thank you for your time and attention to this detail.

Respectfully yours,

Gary Peels
